

# How should the University best communicate the information you need to safely return to Grounds?

# What would be your **FIRST CHOICE** of those listed below that you would like the University to offer when it's time to return to Grounds?

# How productive are you while working remotely compared to when working on Grounds?

Given social distancing norms, the new policy requiring face masks and enhanced cleaning that will be done, do you agree with the following:

# What one thing is most critical to you in order to feel safe returning to Grounds?
